Shivsagar Basarikatti

Frontend Developer | HTML,CSS, Bootstrap, JS, ReactJS | Web
Design with Figma | Crafting Engaging User Experiences
Belgaum, Karnataka, India

Summary

Hi there! I'm a passionate and motivated web developer with a
strong foundation in HTML, CSS, JavaScript, and ReactJS. As
a recent graduate, I've eagerly embraced the dynamic world of
web development and am excited to contribute my skills to create
captivating user experiences.

During my journey, I had the privilege of completing a rewarding
internship at Infynow Business Solutions, where I delved into
frontend development. This invaluable experience allowed me to
translate my theoretical knowledge into practical solutions, working
collaboratively with a team to deliver engaging and responsive web
applications. My time at Infynow taught me the importance of clean
code, seamless user interfaces, and effective problem-solving in
real-world projects.

My proficiency in HTML, CSS, and JavaScript, combined with my
enthusiasm for learning, has enabled me to grasp the intricacies
of modern web development. The addition of ReactJS to my skill
set has given me the tools to create dynamic and interactive web
applications that enhance user engagement.

As I embark on this exciting career path, I'm determined to continue
my growth by staying up-to-date with the latest industry trends and
best practices. I'm eager to contribute my creativity and dedication to
a team that values innovation and excellence in web development.
Let's connect and explore how I can be a valuable asset to your
organization!

Feel free to reach out to me at shivsagarb2001@gmail.com. Let's
collaborate and build something amazing together!
